

Support and matching

When you come to us you have taken the first step towards your new job or education. You have both supervisors and recruitment consultants by your side, which support you along the way towards employment. Our goal is for you to find a job or education that suits you as quickly as possible.

Are you ready to quickly start a new job?

We help you with contacts based on the jobs that match your profile. Our network range most industries and locations, and through us you get access to these contacts. Our recruitment consultants process various employers everyday, and our network therefore extends continuously. We keep up to date on companies' staffing needs, and match your profile with available jobs.

Are you facing a change or are unsure of what you want to work with?

A supervisor will be by your side, and together you'll map out your labor market, and discuss your possibilities for working or studying. If education seems to be the best next step for you, you'll have access to a study and career consultant to help you find the right options, and get you on the right track as quickly as possible.

How to proceed

For more information about the program Support and matching contact your administrator at the Employment Office or send us an e-mail of interest at nyttjobb@workforyou.se and we will help you. If you mention the city you are interested at working in, one of our local employees will get in touch with you shortly.

About Work for you

Work for you has been active in job procurement for over ten years. We have over 300 consultants and tutors working for us, with high knowledge within the labor market, and long expertise in matching the right people to the right jobs. What we all have in common is a passion for people, and a belief that everyone has potential. Do you speak another language? Many of our employees are multilingual, and we have considerable experience in working with language support. Visit www.workforyou.se for more information.
